

If you have not already taken out Travel Insurance with us, please read the following carefully:

- If you lose your luggage
- If you become ill or have an accident
- If you lose your tickets, travellers cheques, passport etc.
- If a relative at home becomes sick or dies
- If you suffer the pain of a toothache or damage your teeth through an accident
- If your transport is delayed

If any of these things happen to you and you have no Travel Insurance, it will probably ruin what should have been a wonderful experience. Please contact your travel agent **NOW** to arrange your Insurance cover.

- 1) I/We have elected not to insure against these risks
- 2) I/We have adequate alternative insurance cover
